Purpose: Gators Humans vs. Zombies (GHvZ) promotes safe social and recreational activities for UF students around campus. They bring back a memorable childhood experience of tag, shooting nerf guns, and playing outside with your friends and use it as a stress-relieving and fun activity to enjoy among the busy college semester. Team building and cooperation is naturally integrated into the game, which allows a unique community to be formed by people of all different majors and ages based on their participation in the sport of Humans vs. Zombies. Their expanding community of players continues to display the utmost sportsmanship and excellence in all walks of life; they have taken an active part of giving back to the community, not just with the game, but through fundraising efforts for the Children’s Miracle Network.

Activities: Gators Humans versus Zombies hosts five-day long apocalyptic games in the Fall and Spring semesters. They also hold one night "mini-
missions” and have other students help moderate and serve as characters for the game. Along with games, they also have general body meetings to spread the word about their organization and meet their members on a more intimate level.

Proviso: This allocation will exhaust at the end of the fiscal year on July 31, 2016.
