Purpose: The Gator Guard Drill team is a program through which its members are taught how to lead. It allows students to broaden their military backgrounds in preparation for work with the armed forces. It enhances the prestige of the university through favorable publicity received from these performances. Besides providing drill performances for the student body, the team also allows them a chance to experience one of the older, more formal parts of history, by performing color guards at student functions like football games.

Activities: The Gator Guard Drill Team provides Color Guards at requested events and at the UF home football games. The Gator Guard also annually represents both the student body and the University in the Homecoming and Mardi Gras Parades.
Proviso: This allocation will exhaust at the end of the fiscal year on June 30, 2016
