President: Adriana Wilson

Active Members: 20

Purpose: The purpose of First Generation Organization (FGO) is to build a community between first-generation students. The organization gives members a support system, and helps members become a part of the UF/Gainesville Community. Most importantly, it will prepare students for life after college.

Activities: FGO will accomplish their goals through a series of planned programs and events. For example, they will have a challenge course at Lake Wauburg, which will help build team leadership and create a sense of family/community between the members. They will also have other programs throughout the year such as the First Generation Empowerment Week, which will help members and other students at UF become more aware of being a first generation student.
