Grand Total $557.75

President: Chase Mallory

Active Members: 31

Purpose: The purpose of Grandkids is to bridge the inter-generational gap between the youth and senior generations. Grandkids connect students with patients in need of social support around the community. The goal of the program is to reduce isolation and suicide in senior citizens and improve their physical and mental health by forming meaningful social connections.

Activities Grandkids will be able to accomplish these goals by networking with places in the community such as Shands Hospital, Assisted Living Facilities and Hospice. They cannot complete their goals without marketing their mission and recruiting students who are passionate about the clinical volunteer experience. By hosting tabling events for their general body meetings, they are able to promote their organization in a fun way while also highlighting a major health illness that students frequently must learn to effectively handle while in the clinical world, Alzheimer's.
Proviso: This allocation will exhaust at the end of the fiscal year on June 30, 2017

Jenny Clements
