Grand Total $104.00

President: Darby Guyn

Active Members: 259

Purpose: Gators Humans vs. Zombies (G HvZ) promotes safe social and recreational activities for UF students around campus. They bring back a memorable childhood experience of tag, and playing outside with their friends. They use this organization as a way to connect all kinds of students. Team building and cooperation is naturally integrated into the game, which allows a unique community to be formed by people of all different majors and ages based on their participation in the sport of Humans vs. Zombies.

Activities Their main method of having a stress-relieving recreational activity is by creating a thoroughly planned and immersive experience for their players, which includes creating a full-blown story centering on zombies, as well as planning multiple “missions” per day with activities and objectives for players to complete. Planning the game not only takes a lot of time, but it requires the creation and purchase of props, materials for missions, flyers and banners for advertising, and also providing food for...
the main events. These funds will allow this organization to continue creating the best games they can. They hold weeklong games each semester, as well as several mini missions throughout the year. These events allow students to get together, get outside, explore the campus, and have fun.

*Proviso: This allocation will exhaust at the end of the fiscal year on June 30, 2016*
