Purpose: Democracy Matters is a non-partisan organization concerned about political accountability and the corrupting influence of private money in American government. We hope to educate others and ourselves about present infringements upon democracy, political equality, and government transparency, and the possible alternatives that may help reform and revitalize our political process.

Activities: To educate the University of Florida's student body, we plan and execute four action campaigns a semester. This could range from hosting a town hall to hosting a documentary screening showing the influence of private money in politics. We also hope to table and promote further civic engagement by registering people to vote and offering petitions to sign.
