

STUDENT SENATE BILL 2009-1020

TITLE: Allocation of Reserves to Reitz Union for Efficient Lighting Retrofit

AUTHOR: Senate Ad-hoc Sustainability Committee; Senate President Jordan Johnson; Senator Kara Olesky; Reitz Union Board of Managers; Beau Frail

SPONSOR: Budget & Appropriations Committee

AMOUNT: \$35,000.00

A one time transfer of \$35,000 from SG Reserves to the Reitz Union for retrofitting existing lighting with more energy efficient fixtures.

Allocate SG Reserves of \$35,000 which covers both materials and labor costs to replace inefficient lighting in the following areas of the Reitz Union: basement, ground floor, 2nd and 3rd floors and exterior. The approximation for the lighting retrofit is based on an energy audit completed during summer 2008 by John Lawson from the Energy Division of the UF Physical Plant. This project is scheduled to be completed within two months of fund availability.

A report on the progress of this project is required at the request of the Budget Committee to Reitz Union Operations.
